EyeCEP 2022

Community Eye Health Programme

Community Eye Health Awareness for Everyone, Everywhere

28-30 March; 3:30-5:00 IST

Foreword: The current version of EyeCEP is aimed to provide insights on the changing trends of vision loss, and introduces the concept of universal eye health and eye health research. Didactic lectures coupled with panel discussions with eminent leaders in the field will provide a perfect blend for maximizing the learning.

Audience: Anyone involved in eye care (ophthalmologists, optometrists, eye care managers, graduates in ophthalmology and optometry)
